

# 13 – Guitar Worship - 13

**Lesson 13** – One more replacement chord: the number 3 chord in minor (G#m) for the number 5 chord (B) in the key of E.

- You learned the song ‘Create in me a Clean heart’ with only the standard chords for **the key of E: E, A, B (1, 4, 5)**.
- Next in the same song we replace the number 1 chord with the number 6m chord.  
E → C#m
- And we replace the number 5 chord (B) with the number 3 minor chord (G#m).  
B → G#m
- The number 5 chord being replaced by the number 3m chord (in any key) does not happen very often.
- So the chords we use in the **key of E** are now expanded to:

**Key of E:** E F# G#m A B C#m D# E F# G#m A B C#m D# etc.  
1 2 3 4 5 6m 7 1 2 3 4 5 6m 7

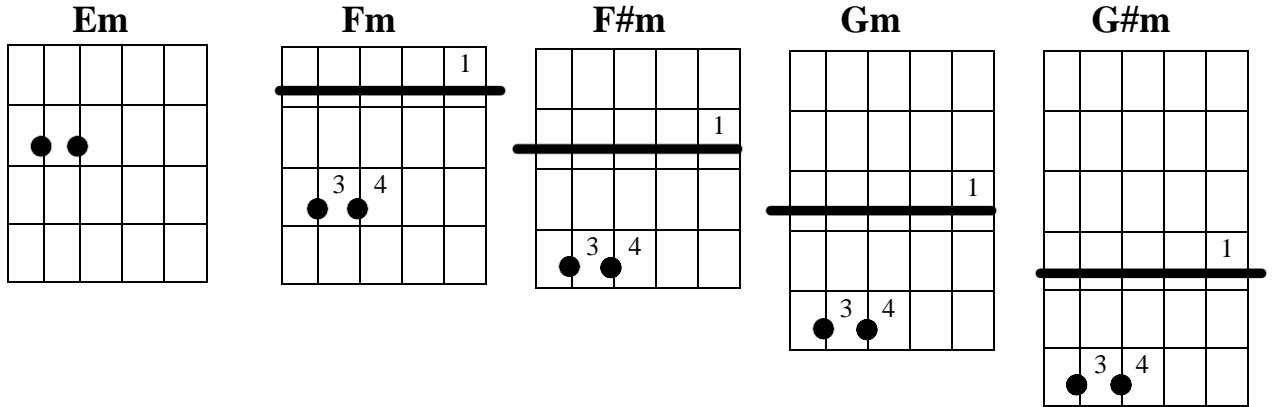

- **Tip:** Listen to the difference in how the song sounded the way you did the chords in lesson 11 and how it sounds using the replacement chords in this lesson 12 and see what sounds better to you.
- When playing the **C#m chord** your forefinger makes a bar all the way in the fourth space with the other fingers forming the chord.
- How to find the **C#m chord**:  
Start moving up from the Am chord, each space moving up sounds a half tone higher. Keep going Am – A#m – Bm – Cm – C#m until you reach C#m.  
See below.  
And C#m is the 6m replacement chord for the chord E.

- When playing the **G#m chord**, see next page, your forefinger also makes a bar in the fourth space with the other fingers forming the chord.

- How to find the **G#m** chord:  
Start moving up from the Em chord, each space moving up sounds a half tone higher. Keep going Em – Fm – F#m – Gm – G#m until you reach G#m.  
See below.

- G#m is the 3m replacement chord in the key of E for chord B (number 5 chord).
