

14 – Guitar Worship - 14

Lesson 14 – Sounding a bass on your guitar.

- When you play the chord of E, all 6 strings, you play both bare E strings, the high E string and the low E string.
- When you play the chord of G, all 6 strings, you play in fact the note **g** on the lowest string, the note **g** on the highest string and the bare G string (third string).

Let's look at the G chord:

- The **g** on the low e-string is your lowest sounding tone in the chord. And at the same time the **g** is the most important tone in the chord of G. Both these facts make this tone very important and you can use the low **g** as a bass in the chord of G.
- First learn the song 'I am Redeemed'. Below it is written out in measures:

I	am Re- deemed	by the Blood of the Lamb	Glory
	4 1 2 3	4 1 2 3	4
	Glo ry	Christ is mine	All to
	1 2 3	4 1 2 3	4
	You	I now re sign	I am Re-
	1 2 3	4 1 2 3	4
	deemed I am	Re- deemed	I am etc.
	1 2 3	4 1 2 3	4

- Clap the beat while you are humming the song.
- **Strumming the guitar:** This concept of the bass (lowest string) in the chord you can use as follows:
On every first beat and every third beat (the heavier beats), play only string number 6 which we saw is the tone **g** and **bass** to this song.
On beat number 2 and number 4 you strum the other strings.
