

6 – Guitar Worship - 6

In **lesson 6** you will be introduced to the key of C that uses a bar chord: **F**.

- The key of C uses the chords of C, F, G (1, 4, 5).

Key of C: C D E **F** G A B C D E **F** G A B C D E etc.
 1 2 3 **4** **5** 6 7 1 2 3 **4** **5** 6 7 **1** 2 3

The chord F is played with your forefinger making a bar (laying flat) over all 6 strings and pushing all 6 strings down at the same time (see below picture of chord of F).

- Try it for a moment and you might find it not easy to get a clear sound for all 6 strings, it will take some practice. Stay close to the fret, it makes it easier. The closer you are to the fret the less you have to push your finger down to make the sound clear. Try it a couple of times.
- Your forefinger shortens all strings (and make it sound higher) and your other fingers will make the chord. After some practice it will start coming natural to you.

The finger pattern for the chord of F is as follows:

- The song we are using first is one we already learned ‘I surrender all’ but this time we are going to play it in the key of C. And you will start on a new song ‘I have decided to follow Jesus’.
- Remember that the chords used in the key of A are A, D, E (1, 4, 5) And chords used in the key of C are C, F, G (1, 4, 5).
- Using your forefinger over all 6 strings is used in many keys and many songs. So really practice this one!
- Tip:** Take you time learning the new songs and keys before you continue with the next lesson.
- Tip:** You should also repeat the songs you already learned until it comes easy on you.
- Tip:** Try to memorize the chords to the song, so you can start playing from your heart where your worship comes from without being sidetracked by your mind having to look at the chords. After a while you develop your inner ear and you start to go to the right chord naturally.
